

IT'S OFFICIAL: AHRI CERTIFIES WHAT WE'VE ALWAYS KNOWN

DAIKIN VRV®III HIGHEST OVERALL EFFICIENCY

VRV III
THE INTELLIGENT AIR CONDITIONING SYSTEM

UP TO **22.0** | IEER
(NON-DUCTED)

UP TO **15.4** | EER
(NON-DUCTED)

UP TO **4.2** | COP@47F
(NON-DUCTED)

VRV also provides the best flexibility, reliability and individual user comfort. With systems from 6 to 30 tons, modular design in a space-saving footprint, piping network lengths of up to 3,280 ft. and individual zoning with up to 62 indoor fan coils from a single piping network, you can match almost any building design requirement. And you'll be providing something else Daikin is known for. Absolute comfort.

See for yourself how well the VRV III PB series performs. Visit www.daikinperforms.com. Then follow the link to find your local Daikin representative or distributor.
